

(Oct 2007)

Priority Shuttle was essential in making our high priority event run smoothly. Quick to get us what we needed for a transportation plan with needs that fluctuated to the minute, Priority Shuttle was able to make recommendations that worked and carried out the plan to "A tee." With impressive vehicles and courteous drivers, Priority Shuttle made even our profiled talent feel comfortable in getting to their destination at the time they needed to get there, at a very reasonable cost.
